Relationship Agreement between
Skills Active Te Mahi Ako Limited (Te Mahi Ako) and

(the Organisation)

Background

Te Mahi Ako partners with businesses, iwi, and communities to uplift their people through real-life learning in the active recreation, leisure, and entertainment sectors. As a non-profit tertiary education organisation, registered with the New Zealand Qualification Authority (NZQA) and funded by the Tertiary Education Commission (TEC), we focus on delivering work-based learning experiences.

Volunteers play a vital role in Aotearoa New Zealand, with nearly 50% of New Zealanders volunteering in some capacity. These contributions underpin the work of thousands of community organisations, fostering social cohesion, individual life satisfaction, and community wellbeing. In the active recreation, leisure, and entertainment sectors, volunteers are essential, supporting the delivery of critical programmes and enhancing community outcomes. This agreement acknowledges this unique relationship and aims to support volunteer organisations in providing meaningful work-based learning opportunities for their people.

Purpose

This agreement outlines the expectations, responsibilities, and commitments of Te Mahi Ako and the Organisation to support learners in achieving their education goals while meeting regulatory standards.
